

HAVE YOU CONSIDERED PLASTIC BINS FROM BITO?

EMB stacking containers have been designed to support the Kanban principle in manufacturing and assembly environments and are also great for safe transport of items between in-house workstations.

BENEFITS OF BITO EMB PLASTIC BINS:

- Excellent rigidity - safe stacking
- Large volume
- Smooth inside surfaces allow easy cleaning
- Ergonomically designed grips
- Comfortable handling also when container is loaded
- L: 600 mm, W: 132-400 mm, H: 142,5-270 mm

Same height principle

Modular stacking base

100% volume utilisation

Document pockets

Covers for palletised loads

Slot-in divider strips

Transport dolly
